

Blocking Rehearsals 2024

June 8th: Shows 2 and 3, Tampa

June 10th: Show 1, Brandon

June 11th: Show 4, Brandon

In just a few weeks we will have our “Blocking Rehearsals” where we rehearse each of our shows one time, in our studios. These rehearsals will occur both at our Tampa studio for the Tampa shows and the Brandon studio for the Brandon shows. This will give dancers one additional performance opportunity before performing at the recital.

Please note, we will not run the blocking rehearsal in “Show order”, we have done our best to ensure your dancer only needs to be present for a short period of time by grouping level dances together. Please be sure to print and review the actual show line-up sent via email and available on our website to know when your dancer is performing in the actual show.

For these blocking rehearsals dancers can wear regular dance clothes, please do NOT bring costumes. Drop-off is encouraged, but parents of our youngest dancers should stay and supervise their dancer. We will have teachers escorting dancers from the studios into the “big room” to run their dance when we are ready for them, but parents are not invited into the room to watch. Dancers should leave as soon as we’ve run their last dance of that show.

Please review the following schedule for more precise times for their run through time. Do not drop your dancer off more than 15 minutes prior to their first rehearsal time, and please pick your dancer up promptly when their last dance is scheduled to run to avoid too many dancers in the building at the same time or parking congestion.

Saturday, June 8th
